## Printed Circuit Board Worksheet

### Are the Printed Circuit Boards (PCBs) unpopulated (passive) or populated (active)?

- 1) If PCBs have only **PASSIVE** elements (inductors, resistors or capacitors) complete **Part A**.
- 2) If PCBs have any **ACTIVE** elements that produce, rectify, detect, modulate or amplify electric signals such as diodes, triodes, or other active elements complete **Part B**.

### Part A – Bare/Unpopulated PCBs with only passive elements.

#### Plastic Impregnated/non-flexible PCBs having a base of:

- ☐ Impregnated glass and 3 or more layers of conductive materials. (8534.00.0020)
- ☐ Impregnated glass and 2 or less layers of conductive materials. (8534.00.0040)
- ☐ Paper. (8534.00.0050)
- ☐ Other than paper or glass. The base is made of \_\_\_\_\_ (8534.00.0070)

#### Flexible PCB

- ☐ Flexible PCB. (8534.00.0080)

#### Not plastic impregnated/non-flexible PCBs having a base of:

- ☐ Ceramic. (8534.00.0085)
- ☐ Other type of PCB. The base is made of \_\_\_\_\_ (8534.00.0095)

### Part B – Populated PCBs with active components. (Classified based on end-use.)

- 1) Are the PCBs for a computer?
  - ☐ Yes, proceed to question 2.
  - ☐ No, describe the type of machine they are for? \_\_\_\_\_

Provide the Harmonized Tariff Number\* if available: \_\_\_\_\_

- 2) Are the computer PCBs:
  - ☐ Motherboards with Central Processing Units (CPU). (8471.50.0150)
  - ☐ Memory Modules. (8473.30.1140)
  - ☐ Control/Adapter boards that:
    - ☐ **Cannot** transmit/receive data through a wired/wireless network. (8471.80.1000)
    - ☐ **Can** transmit/receive data through a wired/wireless network. (8517.62.0050)
  - ☐ Incomplete motherboards without Central Processing Units (CPU) (8473.30.1180)
  - ☐ PCBs with a function other than memory. (8473.30.1180)

Describe the function of the PCB: \_\_\_\_\_

### Information Provided By:

Name: \_\_\_\_\_ Title: \_\_\_\_\_

Signature: \_\_\_\_\_ Company: \_\_\_\_\_

This document is not a U.S. Customs requirement. It was designed to assist in determining the correct HTSUS number for PCBs.  
\*The Harmonized Tariff Schedule of the United States (HTSUS) can be found at: <http://www.usitc.gov/tata/hts/bychapter/index.htm>
